

## GDS719v0scdm

## TECHNICAL DOCUMENT- CONTROL GEAR

|                                |  |
|--------------------------------|--|
| Supplier's name or trade mark: | MEGAMAN GmbH   |
| Supplier's address             | Halskestraße 22-26, AircomParc A140880 RatingenGermany |

## Model identifier

|                     |   |
|---------------------|---|
| Model Number        | GDS719v0scdm                                  |
| General description | Input: AC220~240 Output: 4.1391W DC54 DC 73mA |

## Technical Document

|                                |                                     |
|--------------------------------|-------------------------------------|
| Maximum output power           | 4.1391W                             |
| Type of light source(s)        | LED                                 |
| Efficiency in full-load        | 75%                                 |
| No-load power (Pno)            | not applicable                      |
| Standby Power (Psb)            | N/A                                 |
| Networked Standby Power (Pnet) | N/A                                 |
| Outer dimensions in mm         |                                     |
| Height                         | 0                                   |
| Width                          | 0                                   |
| Depth                          | 0                                   |
| Mass in grams                  | 0                                   |
| Standards Compliance           | EN 61347-1:2015 & EN61347-2-13:2014 |
