

Supplier's name or trade mark:	MEGAMAN GmbH
Supplier's address	Halskestraße 22-26, AircomParc A140880 RatingenGermany
Model No. of Containing Product	FFL72300v0
Model Identifier of Light Source	SFL723v0840
Light Source On-mode Power (Pon)	150 W
Light Source Weighted Energy Consumption	150 kWh/1000hrs
Energy Efficiency Class	F
Model Identifier of Control Gear	N/A
Replaceability <sup>(1)</sup>	
Light Source(s)	NO
Control Gear(s)	NO
Standards Compliance	IEC/EN60598-1, IEC/EN60598-2-5

MEGAMAN | WEEE - Green Room | LED, Energy-efficient & Eco-friendly Lighting, Restriction of Hazardous Substances

#### Remarks:

##### 1) Replaceability

Yes: Replaceable. Light sources or/and separate control gears on this luminaire can be replaced with the use of common available tools and without permanent damage to the containing product

NO: Non replaceable. Replacement of light sources or/and separate control gear(s) is not applicable to this luminaires in, because of the following cases:

- If, due to the required technical design of the luminaire, there is no protection against electric shock when replacing the light source or the control-gear.
- If, due to IP protection requirements, the luminaire housing is glued to provide effective protection against the ingress of water, moisture, and foreign bodies (e.g., tools, dirt, etc.).
- If the luminaire is designed in such a way that the light sources could be contaminated and/or damaged during replacement due to dirt particles or electrostatic discharge (ESD) and/or if the method of fixing the light sources could impact its thermal efficiency (heat dissipation).

Examples of the abovementioned include, but are not limited to, the luminaires designed in such a way that the optical control is altered, prison cell lighting, and luminaires that could be easily accessed by a child.
